Did the campaign, I can tell it wasn't really geared towards the single player experience. But I never got a chance to play it with friends. Either way, the campaign has some pretty bad difficulty spikes and drops. The story was simple, but interesting. And overall I liked it, aside from some of the more poorly designed and frustrating levels.. snek \u2665\u2665\u2665\u2665\u2665s be like:. I thought i was a nice addition to the game, though it was on the short side.. Clash of clans for pc. This is a super deal. Each game costs less than two dollars even if you have to pay \$11.99 for this bundle of games. All of the games in this bundle will allow you to correct the aspect ratio for a widescreen monitor. They all have good graphics and sounds. Two of the games will display fullscreen graphics on a widescreen monitor. The other four games have a 4:3 aspect ratio. They were created before most people started using widescreen monitors. The Other Side: Tower of Souls is definitely a masterpiece. I haven't seen a hidden-object game quite like it. It does have amazing graphics.

I love it! It's stylish, with great music, writing, and art. One of the best little games of 2018. I'm sad it didn't get more attention! I'm going to sing about it from the rooftops!. The easiest way to describe this game is boring, if you want a game that might put you to sleep while playing it, this might be the game for you.. Puts cs:go to shame.. For the price of the game and it's simplistic platform style, this game is worth picking up, especially on sale. :). you must have this pack. no configuration screen;

no settings;

no mouse control apart from left button;

no audio settings;

COMPLETELY ♥♥♥♥ING UNINTUITIVE;

how the ♥♥♥♥ am i supposed to just figure this ♥♥♥♥ing button mash out? AND HOW THE ♥♥♥♥ D000 I KNOW WHAT THE ♥♥♥♥ IS GOIN ON? WTF DOES INVALID MOVE MODE BLOCKED SPAMMING ♥♥♥♥ING MEAN????!!!!!!!

NO MAPS TO CHOOSE; HAVE NO ♥♥♥♥ING CLUE WTF. FOR REALS. NO WONDER IT'S FREE.

♥♥♥♥ING DEVELOPERS ARE ♥♥♥♥TARDS AND EXPECT US TO BE THE SAME AND THOSE WHO AREN'T CAN'T FOR THE LIFE OF THEMSELVES FIGURE THE ♥♥♥♥♥♥♥♥♥♥♥♥♥♥♥♥OUT;

♥♥♥♥ YOU. I HATE YOU AND YOUR ♥♥♥♥♥♥♥♥♥♥♥♥♥♥♥♥TWATTY WASTE OF TIME.. Great story. Hope to see more!.. Only one server, and it's EU. Not to mention 0 players online. Game seems decent at best, but there's no players!. Rating 7/10

As a large enthusiast of tower defense games I appreciate the twist deployed by replacing the standard archer, mage, cannon buildings with comparable dice. The translation of the theme is very intuitive by representing strength with pip. Another interesting addition is the implementation of space management by dice combinatorics. Unfortunately this game suffers from some large flaws. The coding is VERY poor. Most of the dice do not work. Similarly the idea of endless levels is pointless because numerically there is a hard upper limit on how far you can progress. That said, the game is like \$0.50 on sale, and I enjoyed figuring out how far I could progress.
